

Introduction

Northern Chamber of Information Technology (NCIT) is the gateway to the information technology market and industry in North Part of Sri Lanka. NCIT was established in 22nd of February 2016 in order to utilize the synergy of all the different ICT associations in Northern Province under one roof that is needed to take the ICT industry forward.

The NCIT covers Jaffna, Kilinochchi, Mannar, Mullaithivu and Vavuniya districts under Northern Province of the Sri Lanka. More specifically the NCIT brings together ICT Associations, businesses, groups and individuals into a community where they can share ideas on how to promote and develop NCIT and ICT enabled Industries.

NCIT is dedicated to smoothing the ride of its members on Information highway with a passion to be the worldwide IT service provider of choice and committed to provide its members with the best return on investment using an excellent talent pool in multiple business domains and technologies. NCIT has now grown from under 20 members to over 40+ members.

Our Successful Events

1. **Brought Techstars start-up weekend program to Sri Lanka and conducted first ever Startup Weekend in Jaffna on June 2016.**

Start-up Weekend is a global network of passionate leaders and entrepreneurs on a mission to inspire, educate, and empower individuals, teams and communities. Start-up Weekend Sri Lanka is a 54-hour event that brings together Sri Lankan Start-up Entrepreneurs like designers, developers, Techies, and experts from all domains to do amazing things. The first Start-up Sri Lanka is held at Jaffna on 24th-26th June. NCIT initiated this event in Sri Lanka as first ever international technology event in Jaffna and first ever Start-up weekend in Sri Lanka.

2. **Supported for “SOCIAL MEDIA FOR BUSINESS” event on September 2016.**

There was workshop held on 12.09.2016 in Jaffna TCT Hall to educate students about social media those who completed the A/L examination. It's about the beneficial side of social media and the ways to define career path towards #Social media. The workshop is organized by HigherStudy.lk in association with Birdfather. Northern Chamber of Information Technology supported as Community.

3. **Startup Weekend Vanni was successful end for start-up weekend journey in 2016.**

Start-up weekend is a global network of passionate leaders and entrepreneurs on a mission to inspire, educate, and empower individuals, teams and communities which introduced by Techstars. Start-up weekend is a 54-hour event that brings together Sri Lankan Start-up Entrepreneurs like designers, developers, Techies, and experts from all domains to

do amazing things. The third Start-up Sri Lanka is held at Kilinochchi on 16th-18th December.

4. **Action plan development with WUSC**

NCIT board had important meeting with World University Service of Canada (WUSC) on 10.11.2016 at Green Grass Hotel to develop action plan for future collaboration. WUSE team introduced WUSC and its project called ASSET and NCIT board members explained to them about current activities and its objectives. NCIT had fruitful discussion for more clarifications.

Current Scheduled Programs

1. **Capacity development work shop.**

Northern Chamber of Information Technology (NCIT) would like to arrange series of free capacity development workshops for members and staff from ICT industry business, training organization to compete with global market and standard in technology. We will arrange experts from specific categories from local and international.

2. **NCIT get together 2017**

3. **Exhibition in April 2017**

4. **ICT Conference in August 2017**

Our Future Plan

1. Start-up Events
2. Local Community Events
3. Co-Working Place for Members
4. Monthly Business Forum
5. Investor Forum
